

# IDGard

Air Level

Pole Bracket

Dialing Button

WIRELESS BRIDGE HIGH POWER AP/CPE  
**IDG-156H**

## Design For Simple

### Simple Installation

The included universal joint and pole bracket do your good help

### Anti-Interference Performance

4.9-5.8Ghz, less interference more stabilization

### Free From Setting

Set up your network easily by DIP function

### Free From Maintain

Smart security system clears out the memory termly

MODEL	IDG-156H
Power	23dBm
Transmission Rate	150M
Chipset	AR9344+SIGe5012B
Frequency Band	4900-6100MHz
Polarization	Vertical
RAM	64MDDR2
Antenna Increase Ratio	12dBI
Standard	IEEE802.11a, IEEE802.11n
Operation Temperature	-30~65°C
Storage Temperature	-50~80°C
management System	Web Management, Snmp Mib, Telnet
MMAC control	Yes
Encryption	WEP64/128bits, WPA, WPA2,802.1x
Power Supply Standard	12 - 24V
Dial Switch	Yes

## APPLICATION

FARM

TOWER CRANE

CONSTRUCTION FIELD

DRIVING SCHOOL

Approval No :  
RDAY/43C/1117/S(17-3427)
